The Mathematics Program in the Nagoya University Global 30 International Programs invites applications for a full-time, non-tenure-track, Designated Associate Professor, or Designated Professor position.

We encourage candidates who have shown excellence in teaching Mathematics to students at the undergraduate level to apply. The G30 Program is known for its small class sizes, motivated students, and international atmosphere. Standard teaching load is up to eight courses per year. A course is equivalent to one 90-minute lecture per week for 15 weeks. Successful applicants will also be expected to advise students and take part in admissions. The successful applicant will also be expected to serve as an academic advisor for graduate students, contribute to the admissions process for both graduate and undergraduate students, and engage in research at the Graduate School of Mathematics.

Qualifications:
1) Doctoral degree in Mathematics or a related field, with teaching experience
2) Demonstrated ability to advise students at the undergraduate and graduate levels
3) Willingness to participate in the International Programs of the university, including but not limited to teaching courses to Japanese students and some administrative duties
4) Strong interpersonal skills and evidence of success in a multicultural environment with students, faculty, administration, and the local community
5) Record of research experience in Mathematics
6) Japanese language proficiency is welcome though not required.

Term:
The initial contract will start in October 2019 and terminate in September 2022. Contingent upon job performance and funding of the Global 30 International Program, the contract may be renewable for further three-year periods to a maximum potential end date of 30 September 2029.

Compensation:
Salary: Approximately JPY5,000,000-10,000,000/year (all inclusive). Salary will depend on qualifications and experience. Taxes and insurance will be withheld from the annual salary.

Application Requirements:
1) Cover letter
2) Full curriculum vitae — please include country of citizenship and university graduation dates.
3) A list of three referees with their contact details
4) List of research achievements (including invited lectures and research grants)
5) Brief description of selected publications

Note: Short-listed candidates will be notified for further instructions.

**Application Procedure:**
All applicants should submit their applications via email.
All required documents should be sent to: nug30-apply@adm.nagoya-u.ac.jp
Indicate “No. TP32 (Name)” in the subject line of the email.

Please note that incomplete applications will not be considered.

**Contact:**
If you have any questions, please send an email to the address below.
Graduate School of Mathematics, Nagoya University
E-mail: G30@math.nagoya-u.ac.jp (in English or Japanese language)

**Application deadline:**
15 April 2019
(Note: Only short-listed candidates will be notified for further instructions.)

**Educational Policy of Nagoya University’s Global 30 International Programs:**
Nagoya University’s fundamental objective is to cultivate leaders with courage and intellect. We call such individuals ‘yuuki-aru chishiki-jin.’ These people can harness their courage, curiosity, and creativity in education and research and can become both ethical leaders and productive members of global society. We encourage highly motivated educators who share this vision to apply.

Nagoya University is an equal opportunity employer. Applications from female researchers are encouraged.
